## Universal Snap-Attach™ Conversion Kit C-152

Now you can enjoy the benefits of Westendorf's patented Snap-Attach™ system on any brand loader. The Snap-Attach™ is the simplest, most reliable quick attach system on the market today. Tried and true for over 30 years, the original Snap-Attach™ system is easy to install and easy to use, with a simple design concept that is timeless. We got it right the first time so you would have a reliable and permanent quick-attach solution. It enables you to use Westendorf's full line of attachments and also make other brand attachments compatible with your existing loader.
